

Implementation preparation and general/ detailed planning

On Thursday, March 31, 2002, the Implementation preparation and general/ detailed planning meeting took place at the headquarters of 'Henri Coandă' Air Force Academy. During this meeting the project manager presented the integrated project management plan, including sub-activities, detailed description of each sub-activity, allocated resources and means of verification. Also, the plan included aspects regarding the risk management, the financial management and monitoring, assessment and continuous promotion of the project.
