

## **Ryan Carroll**

Ryan Carroll is a Partner at Periscope Aviation, a U.S.-based defense technology company specializing in unmanned aerial systems. A recently retired Navy SEAL with over 20 years of service, Ryan led combat operations across multiple theaters, bringing operational depth and real-world perspective to the defense tech space. At Periscope, he applies his field-tested leadership and mission-first mindset to delivering a full-spectrum UAS portfolio—including ISR platforms, loitering munitions, and heavy-lift logistics drones—for NATO-aligned partners.
