## 10<sup>th</sup> INTERNATIONAL CONFERENCE

# Redefining Community in Intercultural Context RCIC'22

Intercultural Education.  
Security Education

FIRST CALL

BRAȘOV  
5-7 MAY, 2022

The present edition of *Redefining Community in Intercultural Context* Conference will focus mainly on the need for inclusive security education in order to develop societal resilience, under special circumstances, such as the COVID-19 pandemic. Societal resilience refers not only to society's ability to withstand external shocks or various threats, but also to maintain a high level of social connectivity and to develop mutual trust among citizens, citizens and institutions, respectively. This level of resilience can only be achieved through inclusive education, both intercultural and security education.

Six editions of *Redefining Community in Intercultural Context* Conference Proceedings have already been included in Clarivate Analytics (former ISI - Thompson Reuters) databases, Conference Proceeding Citation Index, Social Science & Humanities.
